

## Envision Realty Services, Inc. Announces Its 100th LEED Certification

*Envision Realty Services, Inc., announced they received notification from the U.S. Green Building Council and GBCI that their 100th project has become LEED Certified, further solidifying their status as one of the largest full-service LEED Consulting companies in the nation.*

**Online PR News – 18-November-2011** – Envision Realty Services, Inc., announced they received notification from the U.S. Green Building Council and GBCI that their 100th project has become **LEED** Certified, further solidifying their status as one of the largest full-service LEED Consulting companies in the nation.

---

**“Our philosophy has always been that operating green is both beneficial to the operating costs of a building as well as to the environment. The combination of those two factors is what sets up the opportunity to truly sustain a level of competitiveness in the market place. Our clients understand the value of that opportunity; when you’re ahead of the pack, you’re the leader. Our job is to assist building owners and managers achieve that goal”, said President/CEO, Craig Sheehy.**

---

When Envision certified their 50th LEED project, Craig Sheehy, President and CEO, stated, “our goal is to have 100 projects LEED certified by this time next year. With 35 projects and approximately 14 million square feet currently in the process and another 70 projects in the pipeline, we feel confident we will meet our objective.” In its 4th year of operation, Envision Realty Services has met and exceeded that objective. As of November 18, 2011, Envision Realty Services received their 103rd LEED certification.

“Our philosophy has always been that operating green is both beneficial to the operating costs of a building as well as to the environment. The combination of those two factors is what sets up the opportunity to truly sustain a level of competitiveness in the market place. Our clients understand the value of that opportunity; when you’re ahead of the pack, you’re the leader. Our job is to assist building owners and managers achieve that goal”, said President/CEO, Craig Sheehy.

Envision Realty Services continues to focus on saving water and energy and on improving indoor air quality. They do this with a 20-week LEED submittal process that produces the best life cycle cost impact with improved environmental performance. This process keeps cost and on-site staff time to a minimum.

About Envision Realty Services, Inc.
